Kentucky Chickens

Poultry fanciers of Kentucky who sent
chickens to the Porto Rican Fair, which just
closed, are much pleased with the result of
their venture. Fourteen trios of the birds were
sent and in every class they won all they were
entered for and when offered at auction at the
close of the Fair they brought more than treble
the values placed on them by their owners when
they were shipped from here.

The prices on the chickens ranged from \$15
to \$50 a trio, and averaged more than \$10 a
bird. None of the chickens were injured en
route.

Mr. John W. Power of this city sent a trio
of white Wyandottes and a trio of buff
Wyandottes.

A Strange Story

Argyle, Mich.—Mrs. William H. Carson in
a letter from Argyle, says: "I was almost
wild with pain in my head and other severe
pains due to womanly troubles. Cardui gave
me great relief at once. Further use of Car-
dium raised me from my bed of agony. Cardui
saved my life, and I can't be thankful enough
for what it did for me." Whether seriously
sick or simply ailing take Cardui, the woman's
tonic. As a general tonic for women, to im-
prove the appetite and build up the constitu-
tion, Cardui is in a class by itself. Those
who have used it say it does the work; it re-
lieves, it cures. Try it. Your druggist has it.

Automobiles in Future

Manufacturers of automobiles assert that the
farmer and the resident of the smaller cities
will be the largest purchasers of the motor
cars from now on. Attention has heretofore
been paid chiefly to the big cities, but with the
development of the industry and the increase
in interest on the part of the communities
away from the big centers, chief place is now
being given to them.

Wants K. E. A. to Meet in Louisville

An effort is to be made to have the annual
convention of the Kentucky Educational Asso-
ciation, scheduled for Owensboro in June,
transferred to Louisville because the railroad
rates to Owensboro are alleged to be unsatis-
factory. The committee on the Rural School
Development of the Commercial Club of Louis-
ville will make the effort and try to harmonize
the situation so as to hold the meeting there.

FREE SAMPLE CURED OLD PERSON'S BOWEL TROUBLE

One of the most remarkable proofs of the unusual laxative merit contained in Dr. Caldwell's Syrup Pepsin is that it is effective not only in people in the prime of life, but at the extremes of ages. As many letters are received from mothers regarding the cures of children, as from men and women of sixty, seventy and eighty years of age. It must be truly a wonderful laxative.

In the cure of constipation and bowel trouble in old people it has no equal. It corrects the constipation, dispels the headache, biliousness, gas, drowsiness after eating, etc. People advancing in years should see to it that their bowels move freely, and if they do not take Dr. Caldwell's Syrup Pepsin. You can prolong your life by healthy bowel action. Clogged bowels invite disease. Women about to pass the menstrual period cannot do better than use Syrup Pepsin several

It is said that RICHARD A. BALLINGER, who retired from the Taft Cabinet, is to sue GIBB PINCHOT for \$500,000 damages. BAL is making the damage figures something commensurate with the value of the Alaskan mineral lands which he undoubtedly was trying to barter away to his friends.

KANSAS is one of the three States which have no women dentists. The other two are North Carolina and Idaho. This is somewhat unusual for Kansas, where municipal suffrage prevails, where nearly one-half the County Superintendents are women, where 10,000 out of the 12,000 teachers are women, where 500 Bank officers are women, where the only woman in the world is Probate Judge and where more woman's rights laws grace the statutes than in any other State of the Union.

TROUBLE BREWING

Over Mexican Situation and President Taft Will Have to Use Caution

NEW YORK, March 13th.—The Mexican Ambassador here and the Mexican Minister of Finance received assurance from Washington tonight which convinced them that there is sincere co-operation between the Administration of President Taft and that of President Diaz. It is not professed that all tension has been slackened, and while the American troops remain in force on the border it is admitted that some tension will continue, but the edge of apprehension was appreciably blunted tonight by two capital pieces of news.

There will be work in the Initiatory Degree of DeKalb Lodge tonight.

Brings Suit Against Sundry Parties—Welching Alleged

Charles O. Morgan of Bracken county has filed suit in the Mason Circuit Court against Robert Wells of Maysville, Charles L. Gray of Augusta and the Farmers' Loose Leaf Tobacco Warehouse of this city, for \$150, which Morgan claims is due him on a tobacco transaction.

Morgan claims that he sold his tobacco to Wells and Gray and that they refused to take the weed after the market slumped.

SUNDAY-SCHOOL WORK

Advanced Methods For Little Folks Which Appeal to the Child Mind

The Elementary Department of the Sunday-school includes the Beginners, the children from 3 to 6, the Primary children from 6 to 9, and the Juniors, boys and girls, from 9 to 13.

The wise Superintendent will choose the brightest, most gifted woman in the Church to have the training of these little ones. This is the foundation period in the child-life, the period when mother and teacher may unite to make lasting impressions on the sensitive-plate of the child-mind.

The equipment and surroundings, up to a certain point, are the same for each division. If possible, a separate room, furnished with the small chair, that the little feet may proudly "reach" the floor, a sand board, a black board, musical instrument, pictures and any thing else the ingenious teacher may devise.

The program should be varied from time to time, while marches, motion songs give the restless child an outlet for his pent-up energy.

Above all things the Supplemental lessons should be used and the time honored Quarterly laid reverently in its last resting place.

If this ideal is not possible, then a curtailed corner may be utilized. If this Department is sufficiently large bring to the assistance of the teacher a Superintendent, Secretary and Treasurer.

The Junior Department, or division, necessarily requires a more extensive equipment. Manual methods can be introduced, as boys and girls of this age are beginning to experience the joy of making things, modeling from clay, using the sand map, give pleasure and profit. The making of narrative books, with pictures to illustrate, is one of the most interesting of all works to the pupil. Rewards, honor roll and class banner may all be used as incentives to study.

Some one may ask, "can we possibly use such methods?" You can, to your intense gratification, and you will see an indifferent, inattentive set of children transformed into a wide-awake, happy band eager for the work of the school.

JENNIE M. ZEIGLER,
Elementary Superintendent.

WOMEN MAY AVOID OPERATIONS

By taking Lydia E. Pinkham's Vegetable Compound

The following letter from Mrs. Orville Rock will prove how unwise it is for women to submit to the dangers of a surgical operation when it may be avoided by taking Lydia E. Pinkham's Vegetable Compound. She was four weeks in the hospital and came home suffering worse than before.

Here is her own statement.

Paw Paw, Mich.—"Two years ago I suffered very severely with a displacement. I could not be on my feet for a long time. My physician treated me for seven months without much relief and at last sent me to Ann Arbor for an operation. I was there four weeks and came home suffering worse than before. My mother advised me to try Lydia E. Pinkham's Vegetable Compound, and I did. Today I am well and strong and do all my own housework. I owe my health to Lydia E. Pinkham's Vegetable Compound and advise my friends who are afflicted with any female complaint to try it."—Mrs. ORVILLE ROCK, R. R. No. 5, Paw Paw, Michigan.

If you are ill do not drag along until an operation is necessary, but at once take Lydia E. Pinkham's Vegetable Compound.

For thirty years it has been the standard remedy for women's ills, and has positively restored the health of thousands of women. Why don't you try it?

LIVING AT HIGH TENSION

To overdo in order to keep up with the parade is the tendency of the age. Living at such a high tension, is it any wonder that our nerve sanitariums and rest cures are filled with nervous, overworked, broken-down men and women?

When one begins to get into this condition, there is only one cure—a complete rest, together with a wholesome diet and a good blood-making tonic and strength creator. There is nothing in this line that can possibly excel the medicinal elements of the cod's liver combined with tonic iron. This simple combination is found in Vinol. It contains no oil or grease and agrees with everyone.

A well known college professor states that he considers Vinol a truly wonderful tonic and strength-creator. He was himself overworked and run-down to a critical point. A friend asked him to try Vinol. He did so, and is now enjoying perfect health, and its curative powers cannot be too strongly extolled.

We recommend Vinol to build up and strengthen the run-down and over-worked, weak women, old people, delicate children and convalescents. In case anyone is not satisfied after taking one bottle, we always refund their money. This does not happen often, however, because Vinol's percentage of cures is very high. John C. Pecor, Druggist, Maysville, Ky.

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder.

A sound stomach makes for good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY. It builds up the body with sound flesh and solid muscle.

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations.

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

Don't Forget Your SWEET PEAS

It will soon be too late to plant them if you are to expect satisfactory blossoms. Better buy the seeds today and make sure of them. It's impossible to find better seeds than ours. They are all fresh, last year's seeds, fertile and dependable.

Mixture of Choice Varieties 5c Ounce, 3 Ounces for 10c.

This choice mixture will give you magnificent blossoms in all shades, from pure white to the deepest, richest purples.

HELPFUL WORDS

FROM A MAYSVILLE CITIZEN

Is your back lame and painful?
Does it ache especially after exertion?
Is there a soreness in the kidney region?
These symptoms indicate weak kidneys.
There is danger in delay.
Weak kidneys fast get weaker.
Give your trouble prompt attention.
Doan's Kidney Pills act quickly.
They strengthen weak kidneys.
Read this Maysville testimony:

Mrs. John T. Wallingford, 108 Commerce street, Maysville, Ky., says: "Doan's Kidney Pills have been used in my family with great benefit, and it gives me pleasure to corroborate the testimonial given for publication in their praise some years ago."

"Doan's Kidney Pills afforded me great relief and I have no hesitation in again recommending them."

The Ophthalmoscope.

This instrument enables the examiner to see the interior of the eye and to note any abnormal conditions, such as cataract, glaucoma, various diseases of the interior of the eye, etc. The error of refraction can be estimated very closely by the expert. The ability to use this instrument is attained only by those who are willing to spend months in constant practice.

The Ophthalmoscope is used by all competent opticians, and if they see that you need something more than glasses you are promptly referred to your physician for examination and treatment. Opticians have no right to prescribe drugs of any kind; are not competent to practice medicine.

SUPREME COURT'S O. K.

On Corporation Tax Law Increases Uncle Sam's Income \$25,000,000

WASHINGTON, March 13th—The Corporation Tax provision of the Payne-Aldrich Tariff Act was sustained today as constitutional by the Supreme Court of the U. S. The Court was unanimous.

The decision saves to the Government an annual income of approximately \$25,000,000.

Of all the objections to the tax raised by suits in all parts of the country, none of them was found sufficient to nullify the law. The Court did not hold that the tax was not applicable to the Real Estate "Trust" of Boston, which was organized not under any statute, but under the common law. The law was held not applicable to the Minneapolis syndicate, a real estate concern, on the ground that it "was not doing business" within the meaning of the law.

Prominent among the objections to the law was the argument that the tax was not a direct tax, not apportioned according to the constitution.

Worth Weight in Gold

Abingdon, Va.—Mrs. Jennie McCall of this place says: "I had been troubled with female complaints for over ten years. I could not walk or stand on my feet and had been almost confined to the house for a long time. I began to take Cardui, the woman's tonic, and now I can walk anywhere I want to go. Cardui is worth its weight in gold." This is a high estimate on a plain, herb medicine, yet there are thousands of women who would gladly pay this price for a remedy to relieve their suffering. Cardui has helped others. Why not you? Try it. Your druggist sells it in \$1 bottles.

20% UNDERFEED INVESTMENT

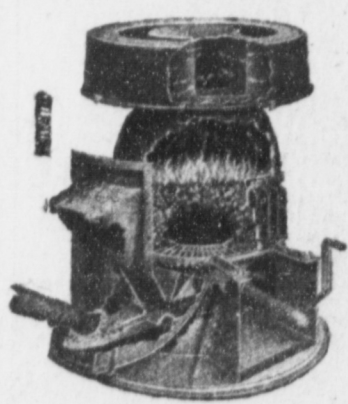

Most heating systems are an actual drag on the domestic treasury. If you want to enjoy actual every-winter dividends, tear out your old glutinous coal-eater, with its uneven heat and hard-to-satisfy appetite for fuel. Put in a

PECK-WILLIAMSON UNDERFEED FURNACE OR BOILER

Choose the system you like best—warm air, steam or hot water. Cheap—less slack in the Underfeed yields as much clean, even heat as most expensive grades; which ordinary heating plants require. All the fire is on top and has to eat down into the fresh coal against the draft. Combustion is slow and perfect, and smoke, soot and gases are entirely eliminated. This enables Underfeed furnace and boiler users to

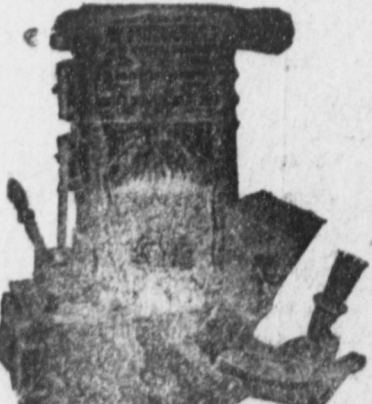

SAVE 1/2 TO 3/4 OF COAL BILLS.

This saving represents a 20% dividend on the investment for this modern system of heating. Figure it out. It won't take long to get your money back. The Underfeed adds to the selling or renting value of any building.

Write today for free booklets on Underfeed Warm Air, Steam and Hot Water Heating Systems. Our representative will be glad to call any time and make you a detailed proposition.

Beware of Ointments For Catarrh That Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle.
